### Plugin Rotobrush After Effects Cs3

I'm looking for a plug-in or something that works like the "Roto Brush Tool" available in CS5 but for "After Effects CS4". Even though my computer....FCPX... "Ae" doesn't seem to support it. Currently, when I try to use the "Rotoscope Brush Tool" in Ae, I get the following error: "After Effects CS4" cannot be launched. "This 'tool' is not included in After Effects. "Here is a link to the error page. [https://support.adobe.com/cse/faq\\_btn\\_717268.html](https://support.adobe.com/cse/faq_btn_717268.html) I tried the "Rotoscope Brush Tool" which is already built into FCPX but it didn't work. Is there a way to make FCPX work with it? Thanks for your help
